All,

Please find attached the latest draft of Morten's report. I think we are getting close to a final product now. If you could please review and pass back any final comments to me and I will work any updates with Morten.

Thanks

Morten,
<<add_wellflow_Deepwater_Horizon_r4_August_19.doc>>

We have had the team leaders review the report and I have completed some additional proposed edits. You can see these through track changes. Could you please review and accept or reject the changes and send back to me by close of business tomorrow. Note that I have put some text boxes on some of the drawings for your review.

Final point, the page numbering on the Table of Contents and Figures did not work, could you please take a look at that.

Thanks

Dave
