Subject: Request - Help with final report & files

Importance: Normal

Morten - hope your vacation went well and you are rested up. We are in the final close out of the investigation. We would like your help on the final report of the Olga work. While you were out the team had a company make a few changes to the inputs. Nikolaos can explain. We would like to get your assistance on the following:

- Review view the final changes to the program

- Confirm the output values

- Update your report to reflect your original work and these changes

We would prefer you come here but understand that may not be possible. Are you available to help this week or next?
