

Trial Testimony of Dr. Robert G. Bea

Q. Who owned the rig?

A. Transocean.

Q. Who owned the well and who was responsible for the design of the well and the engineering of the well?

A. BP.

Q. Can somebody who is not responsible for the design and engineering of the well implement a process safety system that will deal with all of the risks inherent in the drilling of a well?

A. No, they can't.
