Kent Corser

28 years experience working Drilling & Completions onshore, offshore, deepwater, domestic and international location. Started as a drilling engineer in the Gulf of Mexico after graduating from Texas A&M in 1982 with a bachelor of science in mechanical engineering. Worked for ARCO Oil & Gas from 1984 - 1995 in increasing levels of responsibility in technical areas such as high temperature high pressure wells, deepwater drilling, gravel packing, well control and international exploration drilling. After joining BP in 1996 spent the first five years as the Wells Team Leader planning and supervising deepwater exploration drilling in the GoM. Since 2001 work has been in management positions supervising large groups of drilling and completion engineers. Current role is the Drilling Engineering Manager and Engineering Authority for BP's North America Gas division.

Guy's, a request from Ellen as we prepare for Washington, We need to submit bio's for the presenting team. Can you submit to her? I'm sure you have something at hand you used for Ops Academy etc.

Thanks  
Rodney
