James I talked to Nitin and he told me that the problem may be that you need to shut your computer down and log back into it and then try to log into FMS. Nitin is not CSC. If this does not fix the problem send CSC a mail requesting password re-set, copy me.

Nitin,

I am still trying to log into FMS to generate some MMR's for the rig and I still can not access my account. See below of what I am using.

James.Ingram1- I am using the password that i log into Employee Self Service. Is there another pw that i should be using. Feel free to call me on the rig if you have any questions.

Tim:

The review of the FMS Security for user id James.Ingram1 indicates that he already has access to MMR functionality, hence no changes are requires. Please have James verify the access and let me know if you have any questions.

Regards

Tim,

Please review the below and attached user request for James Ingram, Materials Coordinator on DWH. His profile has been updated to include access to MMR's.

Please forward with your approval to FMS Security .

James,

You already have an FMS account set up, but we need to update it. I will need a personal email address from you so that they may send you a confirmation email. Thanks!

Subject: log in for MMR's

Mayra,

I am needing a log in and password for people soft so I can generate MMR's. Please advise of what information you need from me so this can be done.

Sincerely,
James Ingram
