Q. Did BP have any Training Program in place prior to April 20th of 2010, as to how to contain a -- a blowout in the ocean, other than utilizing the BOP and attempting to shut in the well?

A. I can't speak on behalf of BP, but from my personal perspective, I -- I -- I'm not aware of that.

Q. Did you have any training for that, prior to April 20th of 2010?

Q. How to contain a deepwater blowout.

A. No.

Q. And, again, that's again other than shutting in a BOP, you had no training, correct?

MR. FENDLER: Object to the form.

A. No training in relation to a blowout, but I had Incident Response training.
