

Goals of BP's Well Control Response Guide

The image shows a screenshot of a document cover and a text box. The document cover is for the "BP GoM Deepwater SPU Well Control Response Guide", dated January 2010. It features the BP logo and a small image of an offshore oil rig. A white box with a drop shadow is overlaid on the right side of the document, containing the text "January 2010". Below the document cover, a white text box with a drop shadow contains the following text:

5.3 Document Objectives

The objective of this Guide is to provide clear concise instructions to key personnel in the event of a well control incident that are compatible with BP's tiered emergency response system. This will include the call out procedures and Incident Management Team (IMT) formation for a well control emergency. ... It is also realized that every well control event is unique and response and mitigation actions must be tailored to suit.

The document cover also includes a "CONFIDENTIAL" stamp, a signature box with a signature, and the document ID "BP-HZN-2179MDL00368642" and "TREX 002386.0001".
