Background

Experience

Professor

NTNU
1978 - Present (35 years) | Trondheim Area, Norway

- Professor of reservoir engineering. Special Interests:
1. Phase Behavior, compositionally-sensitive reservoir processes, gas condensates.
 2. Well performance, with main interest in liquid-loaded gas and liquid-rich shale wells.
 3. Pipe-It Model-based Integration and Optimization.

1 recommendation

Aaron Zick
President, Zick Technologies

I have known Curtis for over 20 years and have collaborated with him on many projects during that time. He wrote the book (literally) on reservoir fluid characterization and phase behavior. There is no one in the world with more expertise in these... View
