ORAL AND VIDEOTAPED DEPOSITION OF:

Secretary of Energy
Dr. Steven Chu

VOLUME 1
JANUARY 24, 2013

9	Q.	Do you have a judgment or a view
05:14 10		as to what flow rate the junk shot part of
11		top kill would effectively shut-in?
12	MR. CERNICH:	Object to form.
13	A.	No, I don't. When BP came to us
14		later, they were arguing that they felt
05:14 15		confident it would work. I believe the words
16		Kent Wells used, that this is a slam dunk.
