
Professor Robert Zimmerman: Academic and Work Experience

Prof. Robert Zimmerman

- **University of California Berkeley (1984-88):**
Assistant research engineer in petroleum engineering laboratory; lecturer in rock mechanics.
- **Lawrence Berkeley National Laboratory (1987-95):**
Staff scientist; developed mathematical models of rock properties and subsurface geomechanical processes.
- **Imperial College London (1995-2004):**
Governor's Lecturer in Rock Mechanics and Petroleum Engineering; Reader in Rock Mechanics.
- **Royal Institute of Technology (2004-2007):**
Professor of Engineering Geology; Head of Division of Engineering Geology and Geophysics.
- **Imperial College London (2008-present):**
Professor of Rock Mechanics.
- **Nearly 200 scientific papers;** papers and books cited thousands of times.
