

Cetacean Necropsy Report

Animal ID: GW2010011D
Exam Date/Time: 9/21/10 12:30 PM
Location: _____
Gender: Female
Weight: 215 lbs estimated
Length: _____ cm Girth: _____ cm
Species: Tursiops truncatus
Age: Sub adult

Length: 196.5 cm
Girth: 118.5

Medical History

unknown

Necropsy Observations:

Please note general observations of color, texture, size, shapes, etc of any abnormalities that you noticed. If you did not observe anything unusual write NSF (No Significant Findings). If abnormalities were noted please place a check in the box for samples/photos that were taken. For parasites, give the number or estimated number.

External Exam:

Nutritional state of the animal: animal was moderately decomposed and bloated but appeared in good body condition.
Any scars, lesions, discolorations, parasites: Dorsal fin and pectoral fins both had notches throughout trailing edge.

- Sampled for Histology
- Frozen
- Parasites
- Photos
- Fungal
- Bacterial

Teeth (note if there are any missing, cracked, or worn): Some missing, overall in good condition.

Muscular/Skeletal System

Blubber: NSF

Muscle: NSF

Diaphragm: NSF

Skeletal (any broken bones, pectoral fin joints): NSF

- Sampled for Histology
- Frozen
- Parasites
- Photos
- Fungal
- Bacterial

Thoracic Cavity
Lungs/Trachea: mottled in color lower area very thin, calcified nodules throughout

length (cm): _____ Width (cm): _____ Height (cm): _____

- Sampled for Histology
- Frozen
- Parasites
- Photos
- Fungal
- Bacterial

Lymph nodes: None appeared enlarged but some were uneven in color on the inside

- Sampled for Histology
- Frozen
- Parasites
- Photos
- Fungal
- Bacterial

Heart: Heart was showing strong signs of decomposition.

Weight (g): _____ LV wall (cm): _____ RV wall (cm): _____

- Sampled for Histology

- Frozen
- Parasites
- Photos
- Fungal
- Bacterial

Esophagus: Partially Digested Food Present

Abdominal Cavity

Liver (check bile ducts for parasites): NSF

Weight (g): _____

- Sampled for Histology
- Frozen
- Parasites
- Photos
- Fungal
- Bacterial

Stomach: food barely digested, full stomach
full Squid, full shrimp, fish bones

Weight (g): _____

- Sampled for Histology
- Frozen
- Parasites
- Photos
- Fungal
- Bacterial

Spleen: NSF

Weight (g): _____

Pancreas: NSF

Weight (g): _____

- Sampled for Histology
- Frozen

- Parasites
- Photos
- Fungal
- Bacterial

Intestine: Small intestine contusions inconsistent through on interior walls

- Sampled for Histology
- Frozen
- Parasites
- Photos
- Fungal
- Bacterial

Colon: NSF

Adrenals: NSF

Weight (g): R. _____ L. _____

Kidneys: NSF

Right length (cm): _____ Diameter (cm): _____ Weight (g): _____

Left length (cm): _____ Diameter (cm): _____ Weight (g): _____

- Sampled for Histology
- Frozen
- Parasites
- Photos
- Fungal
- Bacterial

Urinary Bladder: very little urine present, yellow and very cloudy, thick in consistency

Reproductive System

Ovaries/Testes: NSF

R. length (cm): _____ Width (cm): _____ Height (cm): _____ Weight (g): _____

L. length (cm): _____ Width (cm): _____ Height (cm): _____ Weight (g): _____

- Sampled for Histology
- Frozen
- Parasites
- Photos

- Fungal
- Bacterial

Uterus: NSF

Pregnant? (male/female): NO

length (cm): _____

Head

Eyes: NSF

Tongue: NSF

Pharynx/ Larynx: NSF

- Sampled for Histology
- Frozen
- Parasites
- Photos
- Fungal
- Bacterial

Ears: NSF

- Sampled for Histology
- Frozen
- Parasites
- Photos
- Fungal
- Bacterial

Brain: NO ~~lesions~~ lesions present

Weight (g): _____

- Sampled for Histology
- Frozen
- Parasites
- Photos
- Fungal
- Bacterial

Other: **CONFUSION ON MESSAGING TISSUE COVERING**
INTESTINES.

Necropsy Personnel: **M. McCallen**

Preliminary Diagnosis:

| Case No. | Sex | Age | Species | Location | Findings | Remarks | Microscopic | Immunohistochemistry | Special Stains | Other |
|----------|-----|-----|---------|----------|----------|---------|-------------|----------------------|----------------|-------|
| 1 | M | 1 | D | 1 | X | | | | | |
| 2 | M | 1 | D | 1 | X | | | | | |
| 3 | M | 1 | D | 1 | X | | | | | |
| 4 | M | 1 | D | 1 | X | | | | | |
| 5 | M | 1 | D | 1 | X | | | | | |
| 6 | M | 1 | D | 1 | X | | | | | |
| 7 | M | 1 | D | 1 | X | | | | | |
| 8 | M | 1 | D | 1 | X | | | | | |
| 9 | M | 1 | D | 1 | X | | | | | |
