I, the undersigned, make the following statement voluntarily, without threat, duress or promise of reward:

At time of incident, I was in engine control room working on nightly log. At which multiple gas alarms went off. Knew that was not normal so called attention of fellow workers in room with me.

Heard Captain call Bankston (supply boat) that we had well control condition and to move away.

Heard loud hissing start like pressure being vented.

Next the two online engines ramped up over - speeding. The power went out, we were in the dark but engines continued to increase. Everything exploded and I was slammed across the control panel. Fell to the floor and into a hole that opened up. Next a second explosion hit. Roof collapsed on us. ET came through hole bleeding so I accompanied him out the back and we worked our way to Bridge which is where we go to muster in Emergencies. Command was given to go to lifeboats. We

I have read my statement as documented above (and, if applicable, on continuation pages), and to the best of my knowledge and belief, it is true and correct.
