Let's try this.

Drilling & Operations  
Excellence Networks

Doug Chester/Kelth Daigle

## Vision

**In partnership with the SPUs, continue to drive standardization, learning and application of best practices. Maintain momentum to significantly reduce offshore NPT with a focus on: embedding RPs, guidance documents and checklists; cementing; lost circulation, wellbore stability and down hole equipment failure**

- **3 Networks – Operations Excellence, Completion Excellence & Drilling Excellence**

- **Performance Contract is held with VP of D&C Engineering – Scott Sigurdson**

- **Keith Daigle, Eric Beyer & Doug Chester are GoM reps to networks**

## 2009 Deliverables

- **Integrity Assurance Specification**
- **Cementing RPs**
- **Lost Circulation handbook**
- **Hole Opening Guidance Document**
- **Cementing Checklists**
- **Development of Well Placement CoP**
- **WSL Competency Framework**
- **Downhole tool reliability Study**

## 2010 Performance Contracts

### Operations Excellence    Drilling Excellence

<b>NPT</b>	<b>Stuck Pipe</b>
<b>Stuck Pipe</b>	<b>Lost Circulation</b>
<b>WSL Guidance Doc</b>	<b>Cementing</b>
<b>WSL 10 yr plan</b>	<b>Knowledge center</b>
<b>COW</b>	<b>DE 10 yr plan</b>
<b>Communities of Practice</b>	<b>Communities of Practice</b>

## 2010 Focus Areas

- **Stuck Pipe**
- **Actively participate in the development of the 10 year Plan**
- **WSL Guidance handbook**
- **New rig Start-ups**
- **Cementing manual**
- **Lessons Learned**
- **Support all CoP's by managing each performance contract**
- **Communicate Network activities in each SPU**

2010 Communities of Practice (COP)

Operations Excellence

Drilling Excellence

<b>Safety</b>	<b>Fluids</b>
<b>Rig Delivery</b>	<b>ACE (RTOC)</b>
	<b>Well Placement</b>
