Scherie,

John McCarroll is the sponsor of the drilling engineer team. He is presently setting up meeting dates. You can contact him to see if you can get on the agenda.

Also, you asked, at our last meeting, about:

1. Performance Measures NTL that expired in January - They (Headquarters) are working on re-issuing NTL.
2. Rig Move NTL - Still waiting on Joe to respond to my request for update.

Mike,

Would you be interested in us coming over maybe for your next drilling engineer meeting and doing a short presentation on some of the new tools available for drilling/logging? Dave seemed to be interested in some of what we are using now at the meeting last week.

Just let me know and I will set something up. Thanks, and thanks again for taking time to see us last week.
