Team

Admiral Allen asked Tony for a simple note to get us all on the same page with regard to the decision on "BOP on BOP". We have just sent this to him. We may get some feedback from him so you may want to hold off on using the script until we hear back.

Admiral Allen

Tony asked that I forward this to you. He is in Louisiana and his blackberry coverage is poor.

Please let us know if you have any feedback.

Thank you.
